RESPONSE TO NOTICE TO FILE MISSING PARTS

Dear Sir:

Pursuant to the Notice to File Missing Parts of Nonprovisional Application mailed January 3, 2001, please consider the following.

The present application was filed as a divisional application of Serial No. 08/974,093 which is a divisional application of Serial No. 08/541,667. The original application was filed with an unsigned Declaration which was followed up with a signed Declaration pursuant to the rules.

This divisional application included a copy of the "as filed" application, which included the unsigned Declaration. Included with this application was a copy of the

documentation filed in the parent case when the signed Declaration was filed, including a copy of the signed Declaration.

Applicant noted that it was including a copy of the signed Declaration on page 3 of the transmittal (copy attached). In addition, the submission of the executed Declaration was noted on the Express Mail Certificate (copy attached) and on the accompanying post card which was returned by the Patent and Trademark Office (copy attached).

Thus, Applicant believes the application was originally filed with a copy of the executed Declaration and that the Notice to File Missing Parts is in error and should be withdrawn at no cost to the Applicant. Applicant respectfully requests the Initial Patent Examination Division to forward this application to the appropriate Group Art Unit for examination.

Should the Examiner have any questions regarding the present amendment he should not hesitate to contact the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: FEB 26, 2001
